“ Wow , Tony was an amazing friend. we lived on the same block in Del Rio as kids . we all went to his house on Friday nights to talk on the phone with different girls , KDLK radio station had a dedication night where you could call in and dedicate a song to someone, but it was like a party line. and everyone was on . so we tried to get girls to call us back . for years we were the best of friends. RIP Tony 🙏💕💕💕

“ My condolences to the family. Tony was a person that I called my friend and I could always talk to him about anything and I could count on him to always pick me up .if I didn't have enough money he was OK . I would buy food for myself and always buy Tony something to eat. I knew something was not right when I would call or text he would always call me back or text me. And when he didn't I knew something was wrong a gut feeling. I got to know Tony and he knew everything that I was going through and he listened to me and I went through a lot. I'm going to miss Tony so much he was a great man father and grandpa and a great friend .when his daughter told me I just cried but at least he passed peaceful. I will never forget Tony. I still in shock. If you need anything please let me know .

Tony, when I got the news off your passing, I did not want to believe it. Now that I'm writing this note it starting to hit me that you are really gone, but you will always be in my world and next to me, just like Yolanda, my two angels. R.I.P.
