“ My mom was the most amazing person in my life. She was by my side through all of the good and the bad times. She never turned on me, even when she knew I was wrong. I can't imagine life without her, but I have so much love and support from the people in my life. It was the most difficult thing that I've ever had to watch, but she is no longer in pain and I'm thankful for that. I was able to tell her how much I loved her and thanked her for being my mom. I know she heard me and I am also thankful for that. I will never know another person like her for the rest of my life and I'm ok with that. She deserves to be that special. Mom, you are now with Kassie again so that is a blessing. I know how much you missed her. I will never forget you and you will live in my heart and mind forever. Again, I want to thank you for being that special person to so many of us and thank you so much for being my mom. I love you

“ Doreen was my sister in law and she was my friend. We worked together and lived together at times. After I moved to Oklahoma and my brother passed, we still touched base from time to time. She was sweet and beautiful. She was also a hard and faithful worker. I have many fond memories of her. I've never forgotten her and I never will. Thank you Jim for loving her and the children. You both stepped up to the plate. RIP Doreen. I'll always love you.
