“ *Thank you, Fernando, for allowing me to be part of your life. I still remember when I first met you back in the days. We were so young and full of plans and dreams. Linda, You and I were a trio...always hanging out, always joking, always smiling. Your love for country music made me love it too and all those songs you sang to me still resound in my head today. Even though your stay in this world was short, know that you made an impact, not only in my life but also in many others that got to know you. Thank you for the beautiful memories you left with me. I will forever cherish your love and you will always have a special place in my heart! Xochitl*

“ Fern you will forever be our teddy bear. We will always be grateful for the love you gave us and all the good times we shared. I still cant believe we will never receive one of your loving bear hugs again. You were a brother to me and an uncle to my children. Always made every one of us smile. Untill we meet again my friend. I love you. And i will miss you so very much.
