“ *You simply didn't catch Grandpa without his hair in place. He always was put together.*

*His grand daughters all cherish the memory of when he not only allowed us to touch his hair, but we had the brilliant idea to put as many bows and hair clips as we could in it. We felt really cool to have the honor. Not sure why he never rocked that hair style again!*

“ I am going to miss picking up the phone and calling Uncle James. I loved listening to him talk about Steam Plant days with Dad. My condolences to the rest of the family.

“ We extend our condolences to the Green family. James was a great neighbor and friend and his Christian values were always guiding him at all times. Loved his Facebook post and the old autos he loved to share. God speed my friend.

“ I went to First Baptist Church with Mr. Green for many years. He was a Godly man and one of my favorite people. We would always look for each other to be sure that we got in our weekly hug after church! He was active in every aspect of our church and helped with the AWANA program for many years. My youngest son came to know Christ under his guidance and leadership. One of my dear friends reminded me of this memory that Mr. Green had talked about with her and it made my heart so happy. I am so thankful to have known him.

*I love these family photos. Uncle James played exactly the same way with my brother and me when we were small. He would also grab our arm and a leg and spin around the yard with us, giving us "helicopter rides." He would play with us until he couldn't move another muscle. He must have been preparing to be a grandad.*

“ *Our Deepest Sympathies to the Green family. You are in our thoughts and prayers. Mr. Green was always so kind and helpful. I remember a work day at church and they were changing the light bulbs in the sanctuary and of all the guys there Mr. Green was on the top of that ladder like no big deal it was 20 feet in the air. He was in his 80's at the time. RIP Mr. Green. Great memories of you. James and Jodi Galindo*
