I am going to miss you forever did you know that? I will spend the rest of my life missing you. In big ways and small ways, in medium ways, and always. I am going to miss you.

So many things last forever, but missing people never ends.

Even people who don't deserve to be missed. That feeling of missing you will creep in, like a robber on his tiptoes. He is in there and nothing can be done about it. But missing you is a beautiful thing because I will never forget to keep missing you. It is awful. But until the end of time, I will miss you forever. Sometimes I will miss you and only I will know that I am missing you. For all

my days, not every day, but in little pieces, until the end of time. I am going to miss you forever. And I find so much peace and pain in it all at once.

Psalm 23:4: Even though I walk through the valley of the shadow of death, I will fear no evil, for you are with me; your rod and your staff, they comfort me.

“ I had no idea Joe passed. It's probably been about a year since we spoke last. This makes me so sad. He meant the world to me and I will never forget his kindness. He will forever hold a special place in my heart. - 🙏 Lisa Trevino
