“ My deepest condolences to the family of Rachel. I know I wasn't that close to the family these past years but they were family to me I was always with them since I was small she was like a sister to me and even though we hadn't seen each other that much I still loved them, Elvia like my second mom I wish she didn't have to go through this pain I would do anything I could not to see her suffer. Ill miss you Rachel you were a good friend always there for me when I needed you RIP my angel
