“ Ricky is truly one of the finest people ever and he leaves behind a life well lived. We must all be thankful for the blessing his life brought to our own, keep his legacy in our hearts, and pay it forward to those less fortunate than we have been. My prayer for Ricky's family is that in due time, his memory will bring a smile to your lips before it brings a tear to your eye.

“ I had the pleasure of working with Rick for just a short time before moving from Del Rio, but in that short time, Rick was a joy to work with. I work for CBP and can attest to Rick going above and beyond his everyday duties (even coming in on his days off) always striving to make his company and fellow team members successful. Rick always made you feel comfortable and was a joy to be around. God speed my friend, may you rest in peace. To the family, may God ease your pain in your time of sorrow.

“ To all of his family and friends- I am saddened for your loss. I work for PAE in El Paso and would communicate with Rick at times. He was always so helpful! He struck me as a very kind person. I unfortunately missed meeting him when he was visiting us here. My most heartfelt condolences and prayers for your family. May God give you strength.

“ To his friends and family it is with a heavy heart that I share the passing of our Supervisor Rick Hammett. Rick came to our site 4 1/2 years ago as a stranger and left us as a family member. He was our Site Manager for PAE supporting Helicopter maintenance for CBP. I pray for him and your families. He always put our family needs as priority and challenged us to always take initiative for all that we did to support our mission. Personally, Rick gave me many opportunities to participate with my church and community events through ministries I serve. I thank him for all he did and it's comforting to know he leaned on me for things to get done working together for DS2/PAE, and I will miss him. Thank you God for allowing me to work for understanding, compassionate good man. I pray for his eternal rest in heaven. Have a good one Rick!

Carlos. Thanks. Please help me pass the word to tall his friends in Del Rio on his funeral details. My Dad was passionate about his work and I know he appreciated everything you guys did.

Rick was one of the patriarchs of the US Customs Caribbean Air and Marine Branch here in Aguadilla, Puerto Rico, along with Brad Marks. He was the mentor (directly and vicariously) to a host of Quality Control Inspectors here that followed in his footsteps from 1991 to the present day. He also presided over at least one or two Nomad N22S engine changes in places like the dirt-floor Bohlke hangar in St. Croix.

“ *Danny, Raymond, Oliver  
Still reeling from the shock of your dads' passing. He was a great big brother. Nothing like having a senior to help make that big transition to high school when you're a freshman, taking me to my first party, and later, teaching me the proper way to do a Tequila shot. He will be greatly missed.*

*Love, Gary*
